

HIGH-STAKES CLIENT CONVERSATION PLAYBOOK

EXECUTIVE SCRIPT • COMPLETE OBJECTION HANDLER • CLOSING STRATEGY

TARGET BENEFICIARY: Dr. Sanjeev Ratnakar Phatak & Sanu Phatak	DEMAT FOLIO ID: IN30034310432220	TARGET ASSET: Astral Limited
LOCATION: Satellite, Ahmedabad, Gujarat	EST. CLIENT VALUE: ■ 4.50 — ■ 6.50 Crores	YOUR 8% COMMISSION: ■ 36.0 — ■ 52.0 Lakhs

CORE PSYCHOLOGY: HOW TO CARRY YOURSELF ON THE CALL

1. **Never Sound Needy or Salesy:** You are not selling a policy or asking for money. You are bringing him news of a ■ 5+ Crore unclaimed fortune belonging to his family that is trapped in government custody.
2. **Tone:** Calm, highly respectful (he is a senior doctor), authoritative, and legally precise.
3. **The Golden Anchor:** Always repeat: 'We charge ■0 in advance. All shares and dividends flow directly from the Government into your own accounts. You only pay our 8% fee after the assets are in your hands.'

PHASE 1: HOW TO START THE CALL (FIRST 60 SECONDS)

STEP	WHAT TO SAY (EXACT WORD-FOR-WORD SCRIPT)
Greeting & Permission	"Good morning / afternoon Dr. Phatak. My name is Asrar Basha . I am a Corporate IEPF Asset Recovery Consultant calling regarding a statutory matter. I know you are exceptionally busy with your clinic and patients at Vijayratna Diabetes Centre, so I will take exactly 90 seconds of your time. Is now a convenient moment to speak?"
The Hook & Folio Reference	"Doctor, the reason for my call is of substantial financial significance to your family. In our statutory audit of unclaimed corporate equity under the Ministry of Corporate Affairs, we have identified a high-value portfolio registered under your name and Mrs. Sanu Phatak in Astral Limited under NSDL Demat Folio IN30034310432220 . Due to historical address/IFSC changes, dividends went unclaimed and the shares were statutorily transferred into IEPF government escrow under Section 124(6)."
The Value Revelation	"Due to Astral's repeated 1:4 and 1:3 bonus share expansions and historic market growth, this folio is currently valued at approximately ■ 4.50 to ■ 6.50 Crores. I am calling to formally guide you on the legal process to claim 100% of these shares and accumulated cash escrows directly back into your Demat account."

What Happens Next: After hearing this, Dr. Phatak will immediately ask questions or express natural skepticism. Turn to Page 2 & 3 for exact answers to the specific questions he will ask you.

PHASE 2: MASTER OBJECTION & QUESTION HANDLING (PART 1)

EXACT ANSWERS TO DR. PHATAK'S SPECIFIC OBJECTIONS

OBJECTION 1: "I live in Ahmedabad, I will directly drive to Astral's office on S.G. Highway and talk to them."

Why he thinks this: Astral's corporate office is at Rajpath Club Road, Ahmedabad (10 mins from his clinic).

The Legal Reality: Astral Limited **does NOT hold his shares or money anymore**. Under Section 124(6), they were legally transferred to the Government of India (IEPF, New Delhi). Astral's desk will only give him forms and tell him to file with MCA.

EXACT RESPONSE TO HIM:

"Dr. Phatak, you are completely welcome to visit Astral's office at S.G. Highway! Anyone in Ahmedabad would think the same thing. However, let me save you valuable clinical time:

Under Section 124(6) of the Companies Act 2013, after 7 consecutive years of unpaid dividends, Astral was legally required to transfer your shares out of their books and into the custody of the **Investor Education and Protection Fund (IEPF) Authority, Ministry of Corporate Affairs, New Delhi**.

Astral's office cannot issue fresh shares or write you a cheque. Their Company Secretarial department will simply inform you that the asset is with the Central Government, and that you must file Form IEPF-5 through their Registrar, Bigshare Services in Mumbai.

That entire complex statutory procedure is exactly what my practice handles for you on a turnkey basis with **zero advance fee**."

QUESTION 1: "What is your organization and where are you located?"

EXACT RESPONSE TO HIM:

"We are an independent **Corporate Asset Recovery & Equity Transmission Practice** operating under **CustomerVault Advisory**. I am the lead consultant, **MD Asrar Basha A**.

We are headquartered in **Tamil Nadu**, serving corporate high-net-worth shareholders across India. Because all Form IEPF-5 filings, depository reconciliations, and MCA approvals are executed digitally through the Central Government's MCA21 portal in New Delhi and RTAs, physical location does not restrict the process.

You can inspect our verified corporate directory, regulatory credentials, and client dossiers live at **customer-vault.onrender.com**."

QUESTION 2: "How did my folio go so much up? I only invested a modest amount years ago!"

EXACT RESPONSE TO HIM:

"Doctor, Astral Limited is one of the greatest wealth creators in Indian corporate history. Your investment grew through two powerful compounding engines:

1. Free Bonus Multipliers: Astral issued 3 massive free bonus rounds: **1:4 Bonus in 2019**, **1:3 Bonus in 2021**, and **1:3 Bonus in 2023**. Without you paying a single rupee, your share volume more than doubled!

2. Share Price Explosion: Astral traded at **₹30–₹50** years ago. Today it trades at **₹1,850 to ₹1,950 per share** on NSE. That is a 50x to 80x surge in share price alone!

When you multiply your bonus-expanded share count by **₹1,900**, the valuation reaches **₹4.50 to ₹6.50 Crores**, plus accumulated cash dividends. It multiplied while you were focused on medicine."

QUESTION 3: "Where can I check or verify the correct amount or exact value myself?"

EXACT RESPONSE TO HIM:

"Doctor, you do not need to take my word for it. Everything is publicly auditable on 3 official portals:

1. Astral Limited Official Website (astralpipes.com): Go to 'Investor Relations → IEPF Transferred Shares'. The Company Secretary publishes the statutory list where your Folio IN30034310432220 and name are officially registered.

2. Central Govt Portal (iepf.gov.in): Under 'Search Unclaimed Amounts', enter Astral Limited and your Folio to see your record in the Central Government database.

3. National Stock Exchange (NSE: ASTRAL): Check the live market price (~₹1,900). Multiply by your bonus-adjusted share volume to verify the **₹4.5–6.5 Crore valuation**."

PHASE 2: MASTER OBJECTION & QUESTION HANDLING (PART 2)

STATUTORY PROCESS • CONSULTANT MAJOR ROLE • REMOTE SIGNING PROCEDURE

QUESTION 4: "What is the exact process to obtain the funds once I accept?"

EXACT RESPONSE TO HIM:

"Doctor, your role is only 5% of the work from your desk. We handle the 95% legal heavy lifting:

Step 1 (You): Provide basic KYC — self-attested PAN, Aadhaar, Client Master List (CML) of your active Demat account, and a cancelled cheque.

Step 2 (We): Reconcile records with Astral's Registrar (Bigshare Services), compile the exact dividend warrant ledger, and draft mandatory Non-Judicial Stamped Indemnity Bonds & Advance Receipts.

Step 3 (We): E-file Form IEPF-5 on the Ministry of Corporate Affairs portal and generate your official Government SRN receipt.

Step 4 (We): Dispatch the physical verification binder to the Nodal Officer of Astral Limited at S.G. Highway for mandatory verification report to New Delhi.

Step 5 (Settlement): The IEPF Authority sanctions the release: **Shares are credited directly into your Demat account, and cash dividends wired directly into your bank.** Only then is our 8% fee settled."

QUESTION 5: "Where should I approach, and in what ways do you play the major role?"

EXACT RESPONSE TO HIM:

"Doctor, **YOU do not have to approach anyone.** You don't have to travel to New Delhi (IEPF), Mumbai (Bigshare), or wait at Astral's corporate office. We act as your single-point turnkey representative.

Here is why our role is indispensable:

1. Discovery: You did not even know this ■4.5–6.5 Crore asset existed until our audit found it.

2. Preventing Rejections: Over 80% of self-filed claims get rejected or frozen for years due to small technical errors (signature variation from 15 years ago, address mismatch, wrong indemnity wording). We guarantee first-time statutory compliance.

3. Zero Upfront Risk: We take all procedural risk. You pay ■ **0 advance.** Our 8% fee is payable only when the money is safely in your personal bank and Demat."

QUESTION 6: "You are in Tamil Nadu and I am in Ahmedabad. How do we legally sign the agreement?"

EXACT RESPONSE TO HIM:

"Doctor, in India, 95% of cross-state corporate agreements are executed remotely. You don't need to travel at all:

The Express Speed Post / Courier Method:

I am printing our standard Institutional Mandate Agreement on a **Non-Judicial Stamp Paper**. I sign as the Second Party (Consultant) with a witness, and dispatch two identical original sets directly to your Ahmedabad clinic via Blue Dart / Speed Post.

When it arrives, you and Mrs. Sanu Phatak simply sign under 'Client' with one clinic colleague as witness. You keep Set 1 for your personal records, and courier Set 2 back in the prepaid envelope.

Under the Indian Contract Act 1872, this is 100% legally binding and guarantees complete protection to both parties."

PHASE 3: HOW TO END THE CALL (THE WINNING CLOSE)

EXACT CLOSING SCRIPT • HANDLING HESITATION • POST-CALL WHATSAPP TEMPLATE

CALL CLOSING: EXACT SCRIPT TO LOCK IN HIS COMMITMENT

"Dr. Phatak, I have compiled your complete **Executive Recovery Dossier** and statutory entitlement audit into a formal document. I am sending this PDF to your WhatsApp and email right now, along with our client portal link at **customer-vault.onrender.com** where your folio is logged.

Take 5 minutes this evening to review the audit with Mrs. Phatak. Since our terms are **strictly ■0 upfront with zero financial risk to you**, there is absolutely nothing to lose and over **■ 5 Crores** of rightful family wealth to gain.

Would it be better for me to dispatch the physical agreement package to your clinic at Vijayratna Diabetes Centre or to your residence at Tejdhara Bungalows, Satellite?

Thank you so much for your time, Doctor. I look forward to recovering your family's assets safely."

IF HE SAYS: "Let me think about it and get back to you..."

YOUR IMMEDIATE 10-SECOND REBUTTAL:

"Of course, Dr. Phatak. Please take your time. Just remember: under MCA rules, unclaimed assets left indefinitely in IEPF are subject to periodic regulatory audits and verification rule changes.

Because our fee is 100% contingent upon success, initiating the entitlement audit today costs you nothing and legally reserves your claim. I will WhatsApp the dossier now and give you a brief follow-up call on Thursday afternoon at 4:00 PM. Have a wonderful day, Doctor!"

IMMEDIATE POST-CALL WHATSAPP MESSAGE (COPY & PASTE)

Dear Dr. Sanjeev Phatak,

Thank you for our conversation today. As discussed, I have uploaded your formal **Executive Recovery Dossier** concerning your unclaimed equity holdings in **Astral Limited (Folio: IN30034310432220 | Est. ■4.50–■6.50 Crores)**.

■ View Your Live Dossier:

https://customer-vault.onrender.com/api/documents/Executive_Dossier_Dr_Sanjeev_Phatak_Astral.pdf

■ View Your 8% Service Agreement:

https://customer-vault.onrender.com/api/documents/IEPF_Service_Agreement_Dr_Sanjeev_Phatak_8Percent.pdf

Summary Safeguards:

- Advance Fee: **■0** (Zero Upfront Retainers)
- All shares & dividends credited **DIRECTLY** to your personal Demat & Bank
- Our 8% advisory fee is settled strictly **AFTER** credit confirmation

Whenever you are ready to initiate the recovery with zero friction, I am at your service.

Warm regards,

MD ASRAR BASHA A

Corporate IEPF Asset Recovery Consultant
